Handicap	37	Score	33 points

Rene Austin Brooch

This event is in memory of Miss Rene Austin who was the founder of the SWDGA in 1933 and instrumental in introducing pennant matches to this District; they were called Shield Matches. Originally these events were played for on Championship Day and only available to Pennant players. In 1972 it was altered to enable all female members to participate in a preliminary Stroke round played in Club competition.

The winner of the playoff at Championship Day is the winner of the Rene Austin Brooch and the Memorials Shields are still presented to the Divisional Pennant winning clubs.
